Re: Rule 54.312(c)(4) Notice of CenturyLink, *Connect America Fund*, WC Docket No, 10-90

Dear Mr. Lanning:

This letter is in response to your letter of September 13, 2016 to the FCC providing CenturyLink's notice of intent to use that support for broadband deployment in census blocks that it has not previously identified. Range Telephone Cooperative Inc. ("Range") currently offers Internet service at speeds of 3 Mbps downstream and 768 kbps upstream or higher in two of the census blocks identified in the list you provided to the FCC. Specifically, Range offers those service in Census Block 301039635001169 and Census Block 301039635001288.

Should you have any questions, or desire additional information, please contact me at 406-347-2226 or mike.dolezal@rangetel.coop.

Sincerely,

Mike Dolezal
Chief Executive Officer
